

Beat 'em Down

No Fun At All

When I'm falling down
How in hell could I know
Break me
When I'm on my knees
How in hell could I know
Break me down

I want to beat them down
I want to beat them down
I want to beat them
But I fall for everyone
I want to beat them down
I want to beat them down
I want to beat them
But I fall for everyone
Like to sort of beat them
Down down yeah yeah
Down, down, down
Down and out

When I'm passing out
How in hell could I know
Break me
When I'm on my back
How in hell could I know
Break me down
