

## Don't Know Nothing

No Fun At All

I never let off something, leaving something cause I know  
It's a waste of my time  
I never listen to the things you say because I know  
It's a waste of my time

Cause I don't know nothing and I'm happy as I am  
Don't know nothing and I never gave a damn, don't know nothing,  
it's an easy way to live  
Don't know nothing and I never gonna give anybody anything

I never understand the way my mind is operating  
Am I wasting your time?  
You really would be better off if you would pack and leave me  
I am wasting your time

Cause I don't know nothing and I'm happy as I am  
Don't know nothing and I never gave a damn, don't know nothing,  
it's an easy way to live  
Don't know nothing and I never gonna give anybody anything

Don't know nothing and I'm happy as I am  
Don't know nothing and I never gave a damn, don't know nothing,  
it's an easy way to live  
Don't know nothing and I never gonna give anybody, anybody, any  
body anything
