

In A Moment

No Fun At All

This is a place where everything is green and bright
In a momomomoment
If you stay a little while you'll see I'm right
In a momomomoment yeah

You'd better start your meditation
Oh if you gonna fly
You'd better start your meditation
Oh if you gonna fly into the light

This is a place where everyone is on your side
In a momomomoment
Just relax and sit right back enjoy the ride
In a momomomoment
