

It's All Up To You

No Fun At All

You better take control
Or else you will float along
Ah you better use some action
'Cause nothing won't come to you
Won't come to you

Strike 1 strike 2, this time it's up to you
Oh this time it's up to you

You better make a stand
Or someone else will take your chance
Ah you better use some action
'Cause nothing won't come to you
