

Mine My Mind

No Fun At All

Over the mountain down in the valley
There's a place where I can still be free
Tempted hard enough, just had to follow
Separated my mind from me, but

Wandering hazy
All the time that I have lost
Wandering hazy
All the time was not enough

Mine my mind
Mine my mind

Out of the blender into the fire
That's the story I will have to tell
No one can deny life was a shadow
Isolation my remedy, but
