

## Answer To No One

### No Innocent Victim

The only reason why  
You're sucked into the lie  
Because you don't want to see  
Accountablility  
Just live your life  
The only way you find  
A somewhat peace of mind  
Blame your anxiety  
On society  
It's not your fault  
Answer to no one, He's a myth and a crutch  
Evolution not creation you've bought  
But if there's a God then answer you will  
For every single word and thought  
Can you live with that  
Can you live with that  
Can you die with that  
Can you live with yourself
