

# On The Floor

No Secrets

My jam is popping on your radio  
I know you seen my brand new video  
My face is always in the magazines  
Now here's a style that you've never seen

My jam is popping on your radio  
I know you seen my brand new video  
My face is always in the magazines  
Now here's a style that you've never seen

Feels good  
Comin' from your stereo  
Tonite  
Gettin' ready for the party so  
All my friends blowin' up my line  
Sayin' "Girl what's going down tonite?"  
So i  
Tell them where the party's at  
Full swing  
Is everybody down with that  
just a vibe  
From my favorite song  
Cuz we'll be dancing all nite long

Cuz you're hanging  
At your favorite spot  
Where the feeling is good  
And the music is hot  
And your looking  
At your favorite place  
Where the Dj's got you...

On The Floor  
That's where it goes down  
Everybody's dancing  
To my brand new sound  
That's right  
Gotta move tonite  
On the floor  
On the floor  
That's where you gotta be  
Moving and shakin it constantly  
That's right  
Gotta move tonite  
On the floor

It's about time  
To move it to the next phase  
My house  
The party's rockin the place  
All my friends by my side  
Sayin' "Girl look what you've done tonite"  
Hot guys  
I really wanna turn it up  
Hot girls  
Got the moves to make em drop  
When the music's playing loud

I lose myself  
Out in the crowd

Cuz you're hanging  
At your favorite spot  
Where the feeling is good  
And the music is hot  
And your looking  
At your favorite place  
Where the Dj's got you...

On The Floor  
That's where it goes down  
Everybody's dancing  
To my brand new sound  
That's right  
Gotta move tonite  
On the floor  
On the floor  
That's where you gotta be  
Moving and shakin it constantly  
That's right  
Gotta move tonite  
On the floor

This is how we do it

(moving and shakin it)  
(C'mon movin and shakin it)

Cuz the DJ's got you...

On The Floor  
That's where it goes down  
Everybody's dancing  
To my brand new sound  
That's right  
Gotta move tonite  
On the floor
