

Thorn In My Side

No Use for a Name

Remember these words "I'll never let you down"
"You are my friend and you can talk to me"
So why am I? (so why am I?)
Still standing all alone
That's not the way it's supposed to be
Thorn in my side
Talk about me, kiss my ass
Thorn in my side
I felt it jabbing the first time that you lied...
Deep inside
You gave me silence, I tried to talk to you
I got denied and tried to think it through
You had no reason, I saw no warning sign
You think I'll stick around, you must be on glue
So now I'm thinking, you'll turn your back on me
The second you find a better place to be
It's in our nature to hurt each other
I'll never find my place in this world of greed
