

Answer The Call

No Warning

Speak up!
I'll never get what makes you so scared
And why we never talk like normal people
You get your point across, safe and sound
Answer the call if you don't like what you see
If you don't have what it takes don't fucking talk about me
I'm talking to a wall, it's clear that there's no end in sight
A way to be heard for the silent type
You're proving just how pathetic you can really be
You're losing again and again, out on what could be
A boring life you must lead
