

Breeding Insanity

No Warning

I'm right here, can you taste the glory?
It's safe to say that you don't know me, end of story
I am falling behind, I am losing my mind
You won't help me so I kick you away
The look in your eyes you don't have to say
'Cause I will never be a part
And I don't want to
Feel like I should start
Just to please you
I'm reaching out
The paranoia pointed my way
Lay the blame on everyone
The worst has yet to come
I've wanted this, it will be mine
I'm takin' every single fuckin' ounce of time
Every second is right, every move is a fight
This won't leave me, this won't leave me alone
The look in your eyes you don't have to say
'Cause I will never be a part
And I don't want to
Feel like I should start
Just to please you
I'm reaching out
The paranoia pointed my way
Lay the blame on everyone
The worst has yet to come
I hate this side of me
Can't stand these aggravations
Breeding insanity
Can't help my disillusion
I hate this side of me
End of all my hesitations
Breeding insanity
So I seek a solution
'Cause I will never be a part
And I don't want to
Feel like I should start
Just to please you
I'm reaching out
The paranoia pointed my way
Lay the blame on everyone
The worst has yet to come
