## **Breeding Insanity**

**No Warning** 

I'm right here, can you taste the glory? It's safe to say that you don't know me, end of story I am falling behind, I am losing my mind You won't help me so I kick you away The look in your eyes you don't have to say 'Cause I will never be a part And I don't want to Feel like I should start Just to please you I'm reaching out The paranoia pointed my way Lay the blame on everyone The worst has yet to come I've wanted this, it will be mine I'm takin' every single fuckin' ounce of time Every second is right, every move is a fight This won't leave me, this won't leave me alone The look in your eyes you don't have to say 'Cause I will never be a part And I don't want to Feel like I should start Just to please you I'm reaching out The paranoia pointed my way Lay the blame on everyone The worst has yet to come I hate this side of me Can't stand these aggravations Breeding insanity Can't help my disillusions I hate this side of me End of all my hesitations Breeding insanity So I seek a solution 'Cause I will never be a part And I don't want to Feel like I should start Just to please you I'm reaching out The paranoia pointed my way Lay the blame on everyone The worst has yet to come
