Short Fuse

No Warning

Bust! Not important - not to me, not to you This is always something we always have to go through Fuck what they said

If you believe what you hear, You deserve what you were fed Please don't waste my time Don't ask me if it's true

I'll just tell you what you want to hear And hope trouble finds you Can't figure it out, I don't care You gotta believe what they say

That's all that you should hear - Bullshit everyday Please don't waste my time Don't ask me if it's true I'll just tell you what you want to hear

And hope trouble finds you Everybody knows and everybody talks Everybody sees but no ones saying nothing Its no use - get a clue

It's time that someone fuckin' told you Take apart what I say You change nothing anyway Are you done?

Nice try Heard it before, Goodbye
