

## Bad Desire

Noah Gundersen

Woman I can't please you, I will only leave you  
Sure as the night follows day  
If you start to wonder, if your spell , I'm under  
Honey you should look the other way

Hold on, I'm coming home  
You're giving me a bad desire, giving me a burning fire, in my  
bones  
I wanna see you tonight, one last time  
Go home and turn off the lights, and leave you alone, leave you  
alone

Woman I got nothing, to give you and something  
else is always on my mind  
little love drunk needle, you always make me feel  
like for a minute nothing here is wrong

Hold on, I'm coming home  
You're giving me a bad desire, giving me a burning fire, in my  
bones  
I wanna see you tonight, one last time  
Go home and turn off the lights, and leave you alone, leave you  
alone

Hold on, I'm coming home  
You're giving me a bad desire, in my bones  
Hold on,  
You're giving me a bad desire, x3 in my bones  
I wanna see you tonight, one last time
