

Sugardaddy

Nobody's Angel

No you ain't got no happiness
Don't need no glory or fame
All I want is your sweet love
That sugardaddy brings

I'll do anything it takes
To keep our love alive
Working day and night
Just trying to survive

To be with you is every thing
I don't need no more
Just give me your sweet touch
It's all I need and more

You're my sugardaddy 7 days a week
I cant resist you your good enough to eat
Your my sugar daddy making love so sweet
I cant resist you your good enough to eat
Sugardaddy

Baby it's just like candy
The kisses that you give
The sweetness in your touch
Can't get better than this

All I do is think of you and
When you might be around
Gives me everything I need
Picks me up when I'm down

Just give me your sweet touch
It's all I need and more

You're my sugardaddy 7 days a week
I cant resist you your good enough to eat
Your my sugar daddy making love so sweet
I cant resist you your good enough to eat
Sugardaddy

I dont need money and
I dont need fame
Just the sweet love
That you bring
You're all I want and boy
You're all I need
Oh you taste like candy
You're so sweet

Suger sugerdaddy come give me your love
Suger sugerdaddy come give me your love
Suger sugerdaddy come give me your love
Suger sugerdaddy come give me your love

You're my sugardaddy
Making love so sweet
Boy I can't resist you

Your good enough to eat
(repeat 5x)

You're my sugardaddy
