

Whatcha Gonna Do (With Your Second Chance)?

Nobody's Angel

What you gonna do
What you gonna do
and I think I deserve a second chance too
don't you
What you gonna do
you let me think that I knew you
you let me think I was right
I only saw what you wanted me to
you caught me in your web of lies
now you tell me that it's gonna be different
and just how much you've changed

what you gonna do with your second chance
what I wouldn't give to read your mind
what you gonna do with your second chance
will you throw it away
or get it right this time

I'm warnin' you
I'm watchin' you
what you gonna do
what you gonna do
I'm warnin' you
I'm watchin' you
what you gonna do

it's so easy to say it
say it
for a while you can put on a show
if what you're saying is more than words
time will tell me so
now I'm willing to let you show me
you've turned it all around

what you gonna do with your second chance
what I wouldn't give to read your mind
what you gonna do with your second chance
will you throw it away
or get it right this time

I'm warnin' you
I'm watchin' you
what you gonna do
I, I, I want to believe
I want to believe
you're shooting straight with me
tell me what's it gonna be
tell me what's it gonna be
baby baby yeah
oh no

and I think I deserve a second chance too
don't you
okay
here's your second chance

what you gonna do with your second chance

what I wouldn't give to read your mind
what you gonna do with your second chance
will you throw it away or get it right

what you gonna do with your second chance
what I wouldn't give to read your mind
what you gonna do with your second chance
will you throw it away or get it right this time
