

## Leave Me Alone

Nocturnal Rites

Name the sin, count me in  
Remind me that we're dreaming  
Bleed me dry, then hang me high  
And call me the fool that I've been

Hate this state that I'm in

Cause we're back  
We're back to the same old story  
We're back  
So leave me alone, leave me alone again

Pour me out, run me down  
And bore me till I'm done for  
Wash me up, say no more  
Leave me what's left on the floor
