

## Till I Come Alive

### Nocturnal Rites

Woke up today, no hope for tomorrow  
What I thought would wash away  
Needless to say, I'd kind of lost my way  
So I'm right here, waiting

No more, no more  
Won't stop trying till I know I'm alive  
No way, no way  
No denying till I come alive

I turned on a dime,  
And counted my blessings  
So no more wasting time  
Wiped out the slate,  
And finally turned the page  
And I'm right here, waiting

No, thought I still believe in nothing  
Never crawling, never falling  
I'll never be like you
