

## Anna Lisa

Noe Venable

Oh anna lisa  
Who are you now?  
Somebody's pisspot or somebody's crown  
You throw up your hands and let destiny steer  
Oh anna lisa  
How long has it been  
Since i crawled out of your  
Generous dream  
Waking up early with drums in my ears

Anna lisa  
Anna lisa

So Anna lisa  
I decided i'd go  
And that if i came back  
I'd have something to show  
And we'd laugh at the people who're laughing at you

Anna lisa  
Anna lisa  
None of it came true

Oh anna lisa  
Your sex and your spark  
Winter companions that glow in the dark  
There's love in the way that you held out on me  
But though anna lisa  
I'd love to believe  
In the cheap magic tricks from your cavernous sleeves  
I'm not at all what you thought i would be...

Anna lisa  
Anna lisa  
None of it came true
