I would like to leave this city This old town don't smell too pretty and I can feel the warning signs running around my mind And when I leave this island I'll book myself into a soul asylu And I can feel the warning signs running around my mind So here I go still scratching around the same old hole My body feels young but my mind is very old So what do you say? You can't give me the dreams that are mine anyway You're half the world away Half the world away Half the world away I've been lost I've been found but I don't feel down. And when I leave this planet, y'know I'd stay but I just can't stand it and I can feel the warning signs, running around my mind And if I leave this spirit, find me a hole and I will fill it and I can feel the warning signs, running around my mind So here I go still scratching around in the same old hole My body feels young but my mind is very old So what do you say?

You can't give me the dreams that are mine anyway You're half the world away
