

Why do I keep scratching  
Scratching my balls  
I don't like this feeling  
I don't like it at all

Cause I got crabs  
I got crabs  
I got crabs

There's crab eggs in my bed  
In the carpet too  
I'll go to the store  
Get A200 shampoo  
I got rid of them  
I got all of them  
They won't be back  
Wait a second what is  
This itching in my crack

Cause I got crabs  
I got crabs  
I got crabs
