

# I Wanna Be Your Baby

NOFX

Open your self, let me inside  
Open your arms, I have nowhere  
To go, so let me in to you  
I need to be where nothing can hurt me

Open your legs, to let me crawl  
Inside of you, I need to be  
Inside your womb, so take me home  
Inside of you, envelope me, I'm home

Bringin' me down (2x)  
I wanna be your baby  
Bringin' me down (3x)  
I wanna be your baby  
Bringin' me down

Open your lips and take me in  
I need to be inside within  
Let me become a part of you  
Let me inside of you, swallow me whole

I want to know the things you hide  
I want to feel the things you feel  
I want to breathe the air you breathe  
I want to live inside of you, take me

Bringin' me down (2x)  
I wanna be your baby  
Bringin' me down (3x)  
I wanna be your baby  
Bringin' me down

Let me live inside (4x)
