

# Murder the Government

NOFX

I wanna see the constitution burn  
Wanna watch the white house overturn  
Wanna witness some blue blood bleed red

I wanna tar and lynch the KKK  
I wanna pull and shoot the NRA  
I wanna pay the lobbyists to kill themselves

Murder the government, murder the government  
Murder the government, and then do it again yeah  
Murder the government, murder the government  
Murder the government, and then  
Murder the government
