Party Enema

Hangin' out in long beach. A lil' party in the sun, but ya just can't sit there smoking And drinking anymore. You got a new jive. All your friends are getting weird. Ahhh! It goes, "you ain't a shakin till the shit shot. Shoot it up. No one jammin' til the gin juice jigger jets. They say it ain't a party til the party enema, the party enema. You get a funnel tube, pour in a 40 oz. Pull down your clothes, touch your toes. Get a hose, hold your nose. Its a party hat. Forget the beer bong. Forget the nitrous shots. It goes "you ain't a shakin till the shit shot. Shoot it up. No one jammin' til the gin juice jigger jets. They say it ain't a party til the party enema, the party enema.

The party enema, the party enema. The party enema, the party enema.
