I play pool, Cause I'm no fool.

I play pool,
Cause I'm cool.

I play pool after school, I play pool all the time.

Cue in my left hand, beer in right.

I shoot and drink all through the night. That sloppy english does me just right.

I use that sloppy english, All the time.

I hold my stick, Like I hold my dick.

Hustling beers from wetto, That's the trick.

I use that sloppy english, All the time.
