

## Together On The Sand

NOFX

(Together on the sand)  
Together on the sand  
we walked hand and hand  
on the beach front  
She smiled at me  
and she tightly held my hand  
I had my finger up in her.....

Country music played on the radio, so I turned it off  
we walked down to the water  
as she grabbed on to my honker  
the waves swept us away
