

# Kolyada

## Nokturnal Mortum

Hey, above the mountain, hey, above the valley!  
Hey, above the mountain the sun rises up.  
High in the sky, in the blazing solar ship,  
The son of our pagan god drifts across the heavenly waves

Brother Moon, Mother Kolyada,  
Sisters of Sunrise and Sunset  
Hey, Kolyada, my shinning mother  
My blood flows for you!

Brothers of Blood, Brothers of Rin  
Enough to live in a lie!  
Let's outcast the Chirst from our homes  
Across the whole Ukraine!

Hey, Kolyada, shinning mother,  
Hey, Kolyada!  
Hey, Kolyada, mother of the Sun  
Hey, Kolyada!  
Hey, Kolyada mother of mine!

Hey, above the mountain, hey, above the valley!  
Hey, above the mountain the sun rises up.  
High in the sky, in the blazing solar ship,  
The son of our pagan god drifts across the heavenly waves

Brother Moon, Mother Kolyada,  
Sisters of Sunrise and Sunset  
Hey, Kolyada, my shinning mother  
My blood flows for you!

Ukraine - You're my song,  
Eternal is my love.  
Without pity, I would give my life  
For you, my native land

Hey, Kolyada, shinning mother,  
Hey, Kolyada!  
Hey, Kolyada, mother of the Sun  
Hey, Kolyada!  
Hey, Kolyada mother of mine!

Hey, above the mountain, hey, above the valley!  
Hey, above the mountain the sun rises up.  
High in the sky, in the blazing solar ship,  
The son of our pagan god drifts across the heavenly waves

Brother Moon, Mother Kolyada,  
Sisters of Sunrise and Sunset  
Hey, Kolyada, my shinning mother  
My blood flows for you!

The ways of ancestors we've striden through ages,  
Water from Ra we brought to our Sacred Dnepr  
With mighty Thundergod, with blazing ruler of the Sun,  
With great Allfather and furious God of the Wind

This is your Home  
This is your Land  
These are your Gods  
This is your life

Hey, Kolyada, shinning mother,  
Hey, Kolyada!  
Hey, Kolyada, mother of the Sun  
Hey, Kolyada!  
Hey, Kolyada mother of mine!

Hey, above the mountain, hey, above the valley!  
Hey, above the mountain the sun rises up.  
High in the sky, in the blazing solar ship,  
The son of our pagan god drifts across the heavenly waves

Brother Moon, Mother Kolyada,  
Sisters of Sunrise and Sunset  
Hey, Kolyada, my shinning mother  
My blood flows for you!
