

## Two Fathers

Nomans Land

I have two dear fathers  
One has given me life  
The gift of another one  
Is the deathless fame  
The life of my second father  
Is cheerful and marry  
Each day he has a fight  
Each day a feast

I have two dear fathers  
One has given me life  
The gift of another one  
Is the deathless fame  
Father? please don't be sad  
That we won't meet no more  
Filled by the secret honour  
Is name of yours among us.
