

Big dick

NoMeansNo

Like a monkey in a zoo, you're half gorilla too
When you pound it with your fist
And make it real stiff big dick
Gotta cover your mistakes,
Your bloody out-takes
So you dip it in the wine and make a holy sign
Big dick Big dick! Come quick big dick!
Come quick well, you're running up a tree,
You're trying not to scream
Then you're pounding on your chest like you whipped the best big dick
The rivers of the blood you've spilled have turned to mud
Now the flies are buzzin' round,
Don't they make a loud sound big dick big dick!
Come quick big dick! Come quick
It won't be long till those bad bits are gone
It won't be long till those bad bits are gone
Now we're sitting by the fire but daddy's getting tired
'Cause he drank the whole crock
Now he's got a limp cock big dick big dick!
Come quick big dick! Come quick
