No rest for the wicked

NoMeansNo

We are you, you are not We are you, you are not We crawl down, you jump up We crawl down, you jump up You are not you

I know There's no let up There's no peace, no rest Not for the wicked No rest for the wicked

What are thou, thou art not What are thou, thou art not You climb up, you're dragged up You climb up, you're dragged up You are not you

I know There's no let up There's no peace, no rest Not for the wicked No rest for the wicked
