NoMeansNo

It's the holy trinity, Mom and Dad and little me  
It's the holy trinity, Mom and Dad, Mom and Dad, Mommy  
What you are is what you see  
What you are is just a little funny  
You're somebody's fantasy, like Mom and Dad, Mom and Dad

There's no sex, only fucking

Janie's growing little tits, Jimmy's learning to repress  
All his female tendencies  
Like you and me, you and me, baby  
There's no out there is no escape, if you want to copulate  
You must learn the masterplan  
It's-be like I am, be like I am

There's no sex, only fucking

I am man, you said I am  
And she's a girl, her hair is curled  
We're not the same, it's very strange  
We walk in line, we dance in time  
No one wants to break the rule cause if you do  
The rules will break you

If you use the verb `to be`, you refer to how you pee  
And if you choose to sit not stand, Janie you are not a man  
There's a door you can get through, the other is not meant for  
you  
Little Dickie, use your eyes, it means no penis need apply

There's no sex, only fucking

Everyone's got a hole and everyone's got stiff little fingers  
You don't have to know  
You don't have to be so particular
