

## What Slayde Says

NoMeansNo

Slayde is my buddy, my pal, he is my brother  
I am one, he is the other  
When the sun shines, he is my shadow  
And when the moon is high, it's at his feet I lie  
But I'll never listen to what Slayde says  
I'll never listen to what Slayde says  
Slayde's always talking, and it's rarely nice  
He's always whispering his poisonous advice  
He is secretive, ruthless and cold  
He mentions just enough and leaves the rest untold  
He said, "Don't ever risk an open attack, just smile  
Into their faces and then stab them in the back"  
But Slayde, I said, what about the weak,  
The helpless and the small?  
He just sneered and said, "Fuck 'em all, fuck 'em all"  
He said I am a murderer, although I've killed no one  
You talk in puzzles Slayde, I said, what have you really done?  
"I've cut the twining cord, I've shot the turtle dove,  
I've shut out that precious light that shines from above"  
Slayde, you are a poet, I said  
But what are you truly speaking of?  
He smiled and whispered, "I murdered love"  
He smiled and whispered, "I murdered love"  
I guess I hate him, no, that's not really true  
He's not completely bad, sometimes he'll crack a joke or two  
I guess I've grown accustomed to his funny ways  
It's not his fault that he was made that way  
I hear him in my sleep, I see him in my dreams  
I see him crouched before some terrible machine  
And then I face a mirror and he steps in between  
Can you tell me, what does this mean?  
Can you tell me, what does this mean?  
Now I lay me down to sleep  
And pray to God my soul to keep  
If I should die before I wake  
You'll know I've made my escape  
But there is one step I'll never take  
I'll never listen to what a Slayde says...
