

Breathe out

Nomy

The last one they see
The best side of me
I smother your shout
Breathe out

I heard they've found you know
Underground not alive
A burden gone to sleep
Just a creep mine to reap

I heard they wrote my name
I'll be the one you blame
I'll never feel a shame
When they breathe out

The last one they see
The best side of me
I smother your shout
Breathe out

I know what I have done
I know what I've become
I never had this fun
When they breathe out

I know what I have done
I've put them underground
They'll never see the sun
When they breathe out

I know what I have done

I heard they found them too
I buried next to you
The plague of human race
Under god what a disgrace

I've heard they're on to me
And it's like poetry
It's all like fantasy
When they breathe out

I heard they found them all
My own collection of all 35
And when they call my name
Like I'm a monster
