

## Crucified by love

Nomy

Erase my name, from the past  
so many years have gone so fast  
So take this life and be gone  
You are no longer my number one

You made me live hoped you'de stay  
never knew what she was about to say

Im sorry for the time  
you still one of a few  
I'm sorry you were mine  
I'm crucified by you

And what we had was fine  
God was crying blood  
yeah life are left behind  
I'm crucified by love

It turned out you're no longer mine  
without a whisper and without a sign

Nail me nail me to the cross  
oh baby fail me fail me just for us

Haunt me haunt me in my dream  
oh baby thrill me kill me sins redeem

Im sorry for the time  
you still one of a few  
I'm sorry you were mine  
I'm crucified by you

And What we had was fine  
God was crying blood  
yeah life are left behind  
I'm crucified by love

I'm crucified by you  
I'm crucified by you  
But life is on its way  
Yeah life is on its way
