

# I hate you Diane

Nomy

I beg you to love me For all that I've done  
Yeah love me and we'll become one

I beg you to hold me And care for me now  
Because jack he disappeared some how

And without any reason you started to scream  
And hysterically making a scene  
And you dropped all your bags and you ran out through the door  
In slow motion I fell to the floor

And you ran like the wind while I sang

Don't leave me Diane I don't understand  
Why you run away from me I love you so honestly endlessly  
Don't leave Diane

I'm sitting with jack In his house all alone  
Just waiting for you by the phone

His head is on a table But he aint talking much  
Just waiting with me by the phone

Come back to me now Diane I will find you Diane

I've been waiting for hours And I do understand  
That you're not coming back here Diane  
But I'll find you where ever you ran

I'll kill you Diane Believe me I can  
Where ever you run from me I'll catch you so happily

I'll kill you Diane You must be insane  
When you run away from me I'll catch you so easily  
God damn you Diane

I've done all that I can Why can't you understand  
That you're killing me

I've been making a plan So you'll love me Diane  
But you're leaving me Don't leave me Diane
