

In Jesus City

Nomy

I feel my knees are shaking
the sun is in my face
I feel my heart is pounding
On stage and amazed

Im getting kind of dizzy
My sweat is on the floor
on stage in Jesus city
I will sing for rich and poor

But I will never be like Britney spears and Timberlake
it's funny everything turns out to be a major fake
I will never sell myself for money or publicity
I will sell myself in weakness for self written poetry

Rough
They could never do it
like I want to do you now

everything's going to be just fine
everything's going to be ok
Im going to do this my way
Scream now
For me In my city

I feel the power in me
I'm going to let it loose
Hey you girl in the corner stop drinking all that booze

I feel my body's shaking
I can't control my self
This could kill me just wait and see

I've got no one that would stand with me
and in front of you
in a Jesus city
and all the words I want to say to you
standing next to you would you like me to

Rough
I would never be gone if a song I play would follow you home

Everything's going to be just fine
going to be ok in front of you
Im solid scream for me
