

Life is a bitch

Nomy

Bring me my machine bring me gasoline
That is all I need

When I wake up in the morning just to see
another day at work awaits me
But I dont wanna go
No I dont wanna go
Dont you fucking make me go

So bring me more gasolin
So I can fill up my machine
Yaheey
Your boobs are ok
So lord can you hear me what I gotta say

Life is a bitch then you gonna die
Living this way gonna make your moma cry
And when it snow I gotta go
This is what Im living for

I've got the right to say what ever I want to
They say Im stupid I can scream so fuck you
I've got my freedom I've got my bike
Im gonna use 'till the day I die

scream and burn
Im gonna break my neck in the next turn

So when Im dead
I will be sitting on a mountain and not in my bed

Stand up right now
Were gonna do this right now

Life is a bitch then you gonna die
Living this way gonna make your moma cry
And when it snow I gotta go
This is what Im living for

Life is a bitch
Here we go let it snow
Bring it on bring it on

I've got this feeling deep inside
If you are ready to go then lets ride

And when Im gone And Im not by your side
Then its time to let you know

Bring the strippers to me
Bring me my jack daniels
And let me fucking be
I hate this life
