

## Long way down

Nomy

It's a long way down  
And nobody wants to join you  
And it's a lonely sound when you're on the ground  
But you can stop it if you want to

And it's lonely life  
You've wasted everyone you wanted  
And everybody knows you now  
And everybody knows you're hated

I'm never going to die with you  
You're never going to die with me  
This is how it's going to be  
A complication between you and  
Because I never going to die with you

It's a long way back it's a long way back  
And nobody wants to see you  
And it's a lonely day when they'll make you pay  
And I can't stop it when you want to

And it's lonely life  
You've wasted everyone you wanted  
If you call my name in the middle of the night  
That's the best way of putting up a fight
