As I pray, for what I am
To my God, that made me down
I see myself, in front of me
A man I never choose to be

I turn my face, against the sun And I wish my heart could burn I force my eyes, to open wide God you made me cold as ice

You made me, You made me You made me cold inside You made me (You made me) You made me (You made me) You made me cold inside

A stone of ice, it's what you gave inside of me, inside of light I can not cry, I've never done And my question now is why?

I turn my face, against the sun And I wish my heart could burn I force my eyes, to open wide God you made me cold as ice

You made me, You made me You made me cold inside You made me (You made me) You made me (You made me) You made me cold inside

I turn my face, against the sun And I wish my heart could burn I force my eyes, to open wide God you make me cold as ice

You make me (You make me)
You make me (You make me)
You make me cold as ice
You make me (You make me)
You make me (You make me)
You make me cold as ice
