

# Time

Nomy

Burn this room down  
place me on a chair for all i care  
You're telling me I'm crazy  
I will call it lazy  
Let the room (let the room burn) down

Blow my heart up high  
You don't give a shit if I live or die  
I don't want to be a part of this no more

Someone tell me why  
I just wanna know so I can die  
Tell me why you're leaving  
I can't tell this feeling  
Let the time pass by

So, we've been together for  
a year or two  
And you are angry cause  
I don't know but I've been  
busy loving you

I don't have the money  
to be the one that you really need  
all I give is who I am  
And poetry to read

Someone tell me why  
I just wanna know so I can die  
Tell me why you're leaving  
I can't help this feeling  
Let the time pass by

I've been living a dream  
But everyone's awake  
And every time I drive to catch up  
Is when I really brake

Now we've been together for  
a year or two  
And every time I feel really good  
Is not because of you

I don't know what I'm Doing wrong  
But people seems to fade  
Now I don't care cause I'm sitting on a chair  
And this is what I've made

Someone tell me why  
I just wanna know so I can die  
Tell me why you're leaving  
I can't tell this feeling  
Let the time pass by

Someone tell me why  
I just wanna know so we can try  
Tell me why you're hated me

Tell me who I should have been  
Let the time pass by

Now I really know  
Why you needed rock and roll  
And if you're not gonna like it  
baby that's you're call

I don't care if I'm using my mind  
I don't wanna do  
Maybe I don't know, and I never come back  
And why I love rock and roll

Someone tell me why  
I just wanna know so I can die  
Tell me why you're leaving  
I can't tell this feeling  
Let the time pass by
