Years

Nonpoint

Funny feeling my guts intuition doesn't know No bravery could convince you To more or less say no Your explanation hasn't gone over yet But I'll give you one more chance To open up and just let go There's no easier way out of this place I'm claiming this lie t o you face to face to face to That's no way for you to treat me my dear Someone you chose to lie to all these years There is no other title that I can find for us Even though you can believe that this could Work and bleed and breathe and be for us Your interpretation of my expectations Caught up in your picture frame Have defined my eyes and made me turn up down and inside There's no easier way out of this place I'm claiming this lie to you face to face to face to That's no way for you to treat me my dear Someone you chose to lie to all these years It's gonna take a lot to get you to completely Forgive me for letting you down I'm not exactly what I really w as back then Played along for so long Then you saw what I really was I was wrong for so long What do I do with my other type of slum life So on to you delight For the rest of the night I'm yours Whatever you want From every pore I give you my life
