## I Wouldn't Need You

## **Norah Jones**

If I touched myself
The way you touched me
If I could hold myself
The way you held me

Then I wouldn't need you No, I wouldn't need you No, I wouldn't need you To love me

If I could replace
The things you gave me
If I could see my face
Without the tragedy

Then I wouldn't need you No, I wouldn't need you No, I wouldn't need you To love me

But I do So come back Come back

If you could see the way I act When I'm alone
If you could hear my voice crack
Over the phone

Then you'd know I need you Oh, you'd know I need you Oh, you'd know I need you To love me
