

# The Long Way Home

Norah Jones

Well I stumbled in the darkness  
I'm lost and alone though I said I'd go before us  
And show the way back home  
There a light up ahead  
I can't hold onto very long  
Forgive me pretty baby but I always take the long way home

Money's just something you throw  
Off the back of a train  
Got a handful of lightening  
A hat full of rain  
And I know that I said  
I'd never do it again  
And I love you sweet baby but I always take the long way home

I put food on the table  
And roof overhead  
But I'd trade it all tomorrow  
For the highway instead  
Watch your back if I should tell  
your love is the only thing I've ever known  
One thing for sure sweet baby I always take the long way home

You know I love you baby  
More than the whole wide world  
I'm your woman  
you know you are my pearl  
so let's go out past the party lights  
Where we can finally be alone  
Come with me and we can take the long way home  
Come with me, together we can take the long way home  
Come with me, together we can take the long way home
