

## Neck in the Hemp

Norma Jean

I'm only gonna tell you one time! I am absolutely over you  
But the fact remains that I was never beneath you  
So just give me one reason to fall in line  
Cause at the end of the day I just forget to care  
I just forget you exist and I move on  
Oh yeah, one more thing, and you should write this down  
My patience is thick but the fuse has been cut  
And the vital flame has been replaced  
And while you're at it can you autograph this DNR?  
Don't you worry there's a carbon print for my records.  
I'll be sure to keep it safe and sound.  
For the love of God, do not resuscitate  
You are the heir of a neck in the hemp  
I am the son of a gun that has the rope  
That's not a wall I'd want to hide behind.  
It's not getting any younger and it's about to fall  
I'll be on the other side pushing as hard as I can  
Let's not have any doubts about this I will celebrate from your  
...  
Death is not the rebellion of life!
