

Ain't but that one thing be my downfallin'  
Ain't but that one thing been a long time comin'  
It's gonna be the downfall of me

Ain't but that one thing to ease my worried mind  
Ain't but that one thing just to pass the time  
It's gonna be the downfall of me  
It's gonna be the downfall of me

(Alternate live lyrics:

Ain't but that one thing to ease my worried mind  
Ain't but that one thing just to pass the time  
I've done it all, done it all the same  
Just to pass the time, pass the time away

It ain't no more woman xxxxxxxx keep me satisfied  
Just get through sellin' it while lonesome on the side)

I've done it all, done it all the same  
Ain't but that one thing drive my blues away  
It's gonna be the downfall of me  
It's gonna be the downfall of me

Ain't but that one thing and I ain't long to get it  
A dog and man and he's bound to fetch it  
It's gonna be the downfall of me  
You're gonna be the downfall of me  
You're gonna be the downfall of me  
You're gonna be the downfall of me

Ain't but that one thing be my downfallin'  
Ain't but that one thing been a long time comin'  
You're gonna be the downfall of me  
For all to see the downfall of me
