

## Eaglebird

North Mississippi Allstars

Crazy 'bout the way my eaglebird fly  
Swing low and let your daddy ride  
Got to get it high before we can swing  
So fly on by, take me under your wing

Fly all day, fly all night long  
My eaglebird fly all day, fly all night long

She took me into her nest  
Lay my poor heart to rest  
Lay me down easy  
Beyond the horizon

Came to me staring at the sun  
Can you dig what she'd done?  
Get me a feather for my cap  
And get notch on my gun

Fly all day, fly all night long  
Fly all day, fly all night long, my eaglebird
