

Eaglebird

North Mississippi Allstars

Crazy 'bout the way my eaglebird fly
Swing low and let your daddy ride
Got to get it high before we can swing
So fly on by, take me under your wing

Fly all day, fly all night long
My eaglebird fly all day, fly all night long

She took me into her nest
Lay my poor heart to rest
Lay me down easy
Beyond the horizon

Came to me staring at the sun
Can you dig what she'd done?
Get me a feather for my cap
And get notch on my gun

Fly all day, fly all night long
Fly all day, fly all night long, my eaglebird
