

## Eyes

North Mississippi Allstars

I ain't never been to heaven  
But I've been told  
In heaven doesn't got no sweet jelly rolls

I can't take my eyes off you  
I can't take my eyes off you  
I can't take my eyes off you  
I can't take my eyes off you

It must've been the devil  
Came between you and I  
You were a ramblin' woman with a ramblin' mind

I can't take my eyes off you  
I can't take my eyes off you  
I can't take my eyes off you  
I can't take my eyes off you

I can't keep my eyes off you, baby  
I can't keep my eyes off you, girl  
I can't keep my eyes off you, baby

Waitin' on my wings  
We'll be side by side  
Riding two white horses where the eagle bird flies

I can't take my eyes off you  
I can't take my eyes off you  
I can't take my eyes off you  
I can't take my eyes off you

I can't keep my eyes off you, baby  
I can't keep my eyes off you, girl  
I can't keep my eyes off you, baby
