

## Reach Out

Norther

Where have you gone I can't see you  
What's going on I can't feel you  
Come back wherever you are  
Come back just follow the star  
What can I do I can't hear you  
Where do I have to go to find you  
Where are you now  
Where are you now

Reach out to my hand  
And I will pull you into the light  
Hold on to my hand  
And you shall never fall again

Fear is keeping you where I can not come  
Tear your fears, Let them go with tears
