This morning I made the call
The one that ends it all
Hanging up, I wanted to cry
But dammit, this well's gone dry
Not for the money, not for the fame
Not for the power, just no more games
But now I'm safe in the eye of the tornado
I can't replace the lies, that let a 1000 days go
No more living trapped inside
In her way I'll surely die
In the eye of the tornado, blow me away

You'll grow to loathe my name
You'll hate me just the same
You won't need your breath
And soon you'll meet your death
Not from the years, not from the use
Not from the tears, just self abuse

Who's to say, what's for me to say...be...do
Cause a big nothing it'll be for me
The land of opportunity
The golden chance for me
My future looks so bright
Now I think I've seen the light

Can't say what's on my mind Can't do what I really feel In this bed I made for me Is where I sleep, I really feel I warn you of the fate Proven true to late Your tongue twist perverse Come drink now of this curse And now I fill your brain I spin you round again My poison fills your head As I tuck you into bed You feel my fingertips You won't forget my lips You'll feel my cold breath It's the kiss of death
