

Good Way

Northern Lite

I run from myself in tricky ways.
Keep my head into nights and safe from the days
Among freaks like me I'm tryin' to survive.
And it's a goddamn good way to spend my life.

Goddamn good way to spend my life.

You know I cannot fall in love.
But i try to touch the skys above.
Everyday's an new song to contrive.
And it's a goddamn good way to spend my life.

Goddamn good way to spend my life.
